PROFESSIONAL MOTIVATIONS AND ASPIRATIONS

I'm looking for professional improving experiences in order to get a job on a medium-long term.

A new working place, new colleagues and new ways of working may be a spur to the professional growth I am aiming at.

I suppose to be good at working within a team and I think to be able to interact successfully with other people.

I am pragmatic, flexible, I have diversified interests and most of all I wish to achieve professional growth.

I am ready to move anywhere and to accept any relocation.

I authorize the treatment of my personal data pursuant to the decree law n. 196, 30th June 2003

Nicola Guerini
